★TOPIC:- HARDWARE

Module_2-Day_5:

❖ Tasks:

1. **On your Windows laptop or PC, open 'System Information' and take a screenshot showing your OS version, processor, and RAM details.**

⇨

2. **Download any official Linux distribution ISO (like Ubuntu or Fedora), and use Rufus or BalenaEtcher to create a bootable USB drive for installation.

Hint: If you don't have a spare USB, use a virtual machine tool like VirtualBox to mount the ISO and start the installation process virtually.**

⇨

3. **On a macOS device (or using a macOS virtual machine), open 'System Preferences' and change the desktop wallpaper, then adjust the system language to Hindi or Gujarati.

Hint: Find 'Language & Region' in System Preferences to add or change languages.**

⇨

❖ Change macOS Wallpaper and System Language:

★ Steps for Change Desktop Wallpaper:

(1) Start the Mac or macOS virtual machine.
(2) Click the Apple menu (⍰) and open System Preferences (or System Settings).
(3) Select Wallpaper or Desktop & Screen Saver.
(4) Choose wallpaper from the available options.
(5) Confirm that the desktop background has changed.

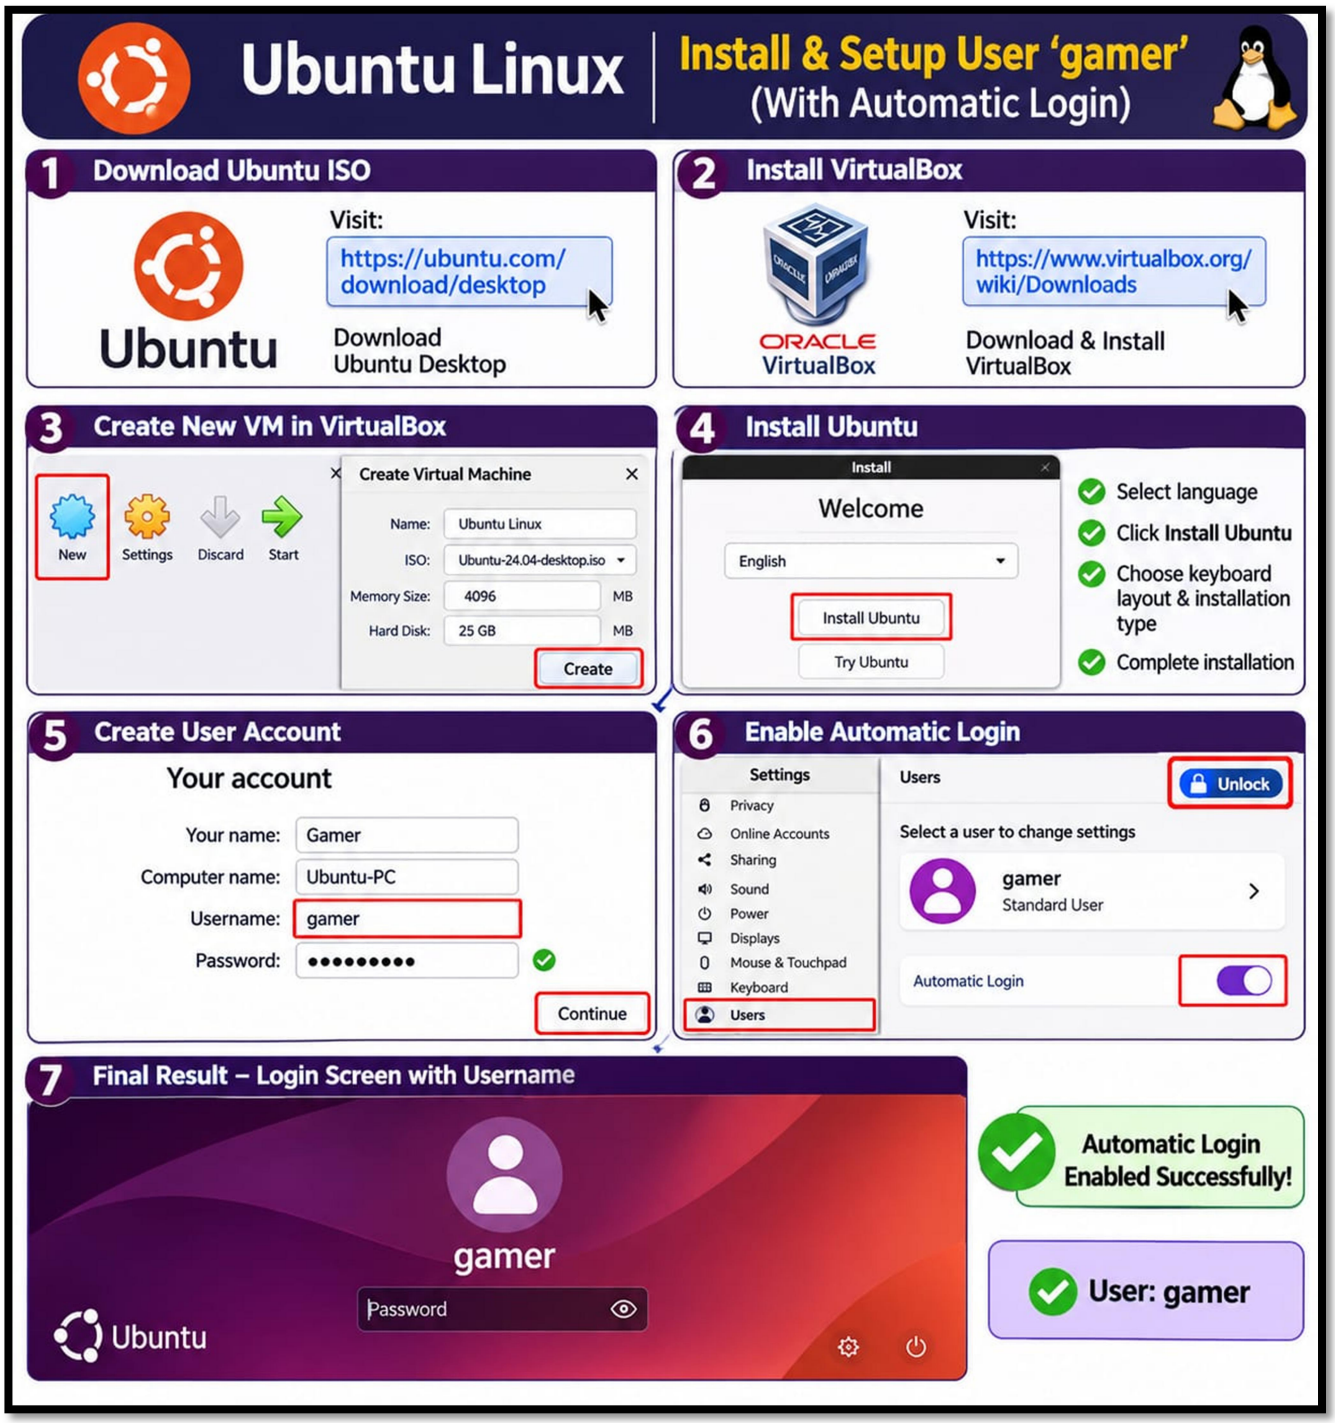

★ Steps for Change System Language to Hindi or Gujarati:

(1) Open Apple menu (⍰) → System Preferences.
(2) Click Language & Region.
(3) Under Preferred Languages, click the + (Add) button.
(4) Select Hindi or Gujarati.
(5) Click Add and choose the option to use the selected language as the primary language, if prompted.
(6) Restart or log out and back in if required.
(7) Verify that the system language has changed.

4. **Install a fresh copy of Ubuntu Linux (real or virtual machine) and create a new user account named 'gamer'. After installation, enable automatic login for this user and take a screenshot of the login screen showing the username.**

⇨

5. **Use ChatGPT to generate a step-by-step guide for installing Windows 10 on a laptop, including partitioning tips and post-installation settings for privacy and updates. Follow the guide and note any steps that were unclear or missing.**

⇨

❖ Windows 10 Installation – Step-by-Step:

★ Requirements:

(1) Laptop (Dell Latitude 5590).
(2) USB drive (minimum 8 GB).
(3) Internet connection.
(4) Windows 10 ISO or Media Creation Tool.
(5) Laptop charger.
(6) Backup storage device.

★ Download Windows 10:

(1) Open Microsoft's official website.
(2) Visit https://www.microsoft.com/software-download/windows10.
(3) Download Media Creation Tool.
(4) Run the tool.
(5) Accept the licence terms.
(6) Select Create Installation Media.
(7) Choose language, edition and 64-bit architecture.

★ Create Bootable USB:

(1) Insert the USB drive.
(2) Open Media Creation Tool.
(3) Select USB Flash Drive.
(4) Choose the USB drive.
(5) Click Next.
(6) Wait for the process to finish.
(7) Click Finish.

★ **Boot from USB:**

(1) Connect the bootable USB.
(2) Restart the laptop.
(3) Press the power button.
(4) Press F12 repeatedly (Dell laptop).
(5) Open Boot Menu.
(6) Select UEFI USB Device.
(7) Press Enter.

★ **Install Windows 10:**

(1) Select Language: English.
(2) Select Time and Currency: English (India).
(3) Select Keyboard: US.
(4) Click Install Now.
(5) Enter the product key or select the option to enter it later.
(6) Accept license terms.
(7) Select Custom Installation.

★ **Disk Partitioning:**

(1) Select the correct SSD or HDD.
(2) Check available disk space.
(3) Select unallocated space.
(4) Create C Drive (approximately 180 GB).
(5) Create D Drive using remaining space.
(6) Keep EFI, MSR and Recovery partitions intact.
(7) Select the Windows installation partition.
(8) Click Next.

★ **Complete Setup:**

(1) Select Region: India.
(2) Select Keyboard Layout.
(3) Connect to Wi-Fi.
(4) Create a user account.
(5) Set a password and PIN.
(6) Complete Windows setup.

★ **Privacy Settings:**

(1) Open Settings.
(2) Select Privacy.
(3) Turn off Advertising ID.
(4) Disable Location if not required.
(5) Review Diagnostic Data settings.
(6) Turn off Tailored Experiences.
(7) Review Camera and Microphone permissions.
(8) Keep Windows Defender ON.

★ **Windows Updates and Drivers:**

(1) Open Settings.
(2) Select Update & Security.
(3) Click Windows Update.
(4) Click Check for Updates.
(5) Install available updates.
(6) Restart the laptop.
(7) Open Device Manager.
(8) Check missing drivers.
(9) Download drivers from Dell Support.

★ **Final Verification:**

(1) Check Windows installation.
(2) Verify Windows activation.
(3) Check C and D drives.
(4) Test Wi-Fi and Bluetooth.
(5) Check keyboard, touchpad and sound.
(6) Verify installed drivers.
(7) Check privacy settings.
(8) Check updates status.
(9) Restart the laptop.

Windows 10 Installation Guide

Step-by-Step Guide: From USB to Perfect Setup

Easy • Safe • Complete

1 Requirements

Laptop
(Dell Latitude 5590)

USB Drive
(≥ 8GB)

Internet
(Wi-Fi / Ethernet)

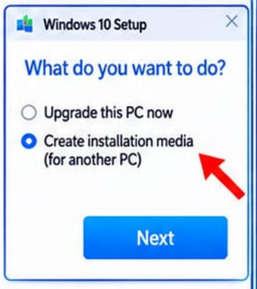

Backup Storage
(External Drive)

Power Adapter

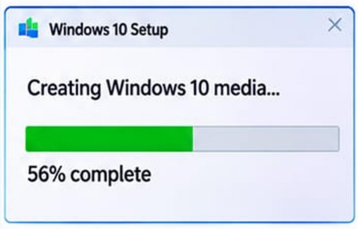

2 Download Windows 10

1. Go to Microsoft website:
   https://www.microsoft.com/en-in/software-dewnload/windows10
2. Download & run Media Creation Tool
3. Choose: Create Installation Media → Language: English, Edition: Windows 10, Architecture: 64-bit → USB Flash Drive

3 Create Bootable USB

Wait for the process to finish...

4 Boot from USB

1. Insert USB & Restart Laptop
2. Press Dell Logo Power Button
3. Press F12 repeatedly
4. Select your USB under UEFI Boot Devices

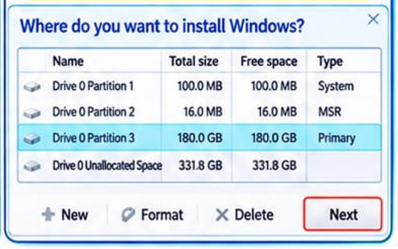

5 Install Windows 10

1. Select Language: English
2. Time & Currency: English (India)
3. Click Next → Install Now
4. Select "I don't have a product key" if needed
5. Accept License Terms
6. Choose: Custom: Install Windows only (advanced)

6 Partitioning (Disk Setup)

Tip: Keep C: ~180GB, rest for D:

7 Complete Setup

- Select Region: India
- Connect to Wi-Fi
- Create User Account (Your Name)
- Set Password & PIN
- Finish Setup

Getting ready...

8 Privacy Settings

Go to Settings → Privacy and turn OFF:

- Advertising ID
- Location
- Diagnostics Data
- Tailored Experiences
- Activity History
- Speech Recognition

Keep Windows Defender ON

9 Updates & Drivers

1. Go to Settings → Windows Update
2. Click Check for Updates and install
3. Install Dell Drivers from:
   https://www.dell.com/support

10 Final Checklist

- Windows installed successfully
- Activated (if applicable)
- C: and D: partitions ready
- Wi-Fi & Bluetooth working
- Drivers installed
- Privacy settings configured
- Updates complete
- Backup restored

All Done!
